Missions: Every Women's Ministry group is encouraged to send any missionary support through the **WM Touch the World Fund**. This fund is the Mission's arm of our National Women's Ministry Department. This helps them to more accurately track the funds given to missions by the extraordinary efforts of our united Women's Ministries throughout our District. Your church will receive 100% mission's credit.

Please record the money sent from your local WM fund to support missionaries below:

We want to thank you for partnering with us as we endeavor to accomplish great things this year. We believe God has great things in store for the Women's Ministry Department here in the West Florida District. As we partner together in prayer, labors, and giving we believe God will bless and multiply it so that all the needs will be met. If every WM group will do their part, then together we can create a healthy District WM Department where expenses are met, needs are overseen & ministry is balanced. Thank you for the part you play in making this ministry complete.
